I am Ethan I'm six. I'm a vet at Mandala. My family is my brother, my mom and dad. I have two dogs, chicken, horses, and cow. I live on a farm. If I had one wish I would want to be a dinosaur. I want to be a bone finder. If I could have a super power I would be able to bring things back to life. My favorite food is spaghetti and meatballs. My favorite animal is a chicken. My favorite toy is a battery. My favorite activity is making airplanes.

Student of the Week: Ethan

The youngest students created a Skittles Graph this week. They divided 13 skittles into colors and established a bar graph on their own. Together as a class they made a data table and compared data. Yes, they did get to eat their Skittles at the end! 🌈📊🍬

We worked together experimenting with sound. We used different sized spoons and string to hear the different noises they made. it was very different when we covered our ears or didn't cover them. The wooden spoon sounded like a clock!

Older students started literature groups this week. Above: Devin, Marty, Damon, & Jackson are reading *Smiles to Go* by Jerry Spinelli with Miss Leah

Above right: Luci reads & Marty studies Chinese during productivity, a time where students catch up on work or study quietly. They sit under the newly hung art work. Students worked with Ms. Jeannet & guest artist, Phyllis on quilting works.

Right: Marty & Felix pose with colorful Fall leaves. We are working on collecting photos of our students' lives at school to send to students in Thailand. Miss Leah lived in Thailand for 8 months while teaching English, so we will be keeping in touch with their school and exchanging stories of school life.
