Issue XII

Music
by Kate

So, music is on Tuesday and Marty and Luci and I are learning "Ode to Joy." I'm singing, Marty is on the keys, and Luci is playing the ukulele. The class is at 9:30. It is a fun class and I have lots of fun!

To me music is like a sport and you need to be a great musician or singer to do this sport. you need good listening ears! So that was my music day.

The End!

Book Reports

What are all the kids doing? Book reports! All the kids are doing book reports said I! Also, myself, Luciana V., did a soccer report. Some other kids did dioramas or just wrote so me really good summaries. Even the little ones did it! I bet there are going to be more book reports!
by Luci

"I like being at Morning Meeting because kids share stories. We also talk about issues and events. It's nice to be with every person in the school. That's my favorite part about Mandala School."
-Keltrian

We have been learning about Lewis and Clark for a month now so let me tell you briefly what they did.

Lewis and Clark were explorers sent out by president Jefferson to explore the Louisiana territory purchased from Napoleon.

I will list some of the animals they discovered like the mule deer, the bison and jackrabbit.

This week we learned to make knots like the half hitch, granny knot and square knot.

by Martin

Square Knot

Student of the Week: Damon!

Damon is 11 years old. This is his first year at Mandala.His family is Mom, Dad, Damon, and 2 cats: Coco and Kiki. His role models are his dad, grandma, and grandpa. If Damon had one wish he would make it to the Fifa World Cup with the USA Mens National Soccer Team. If he could do anything it would be to play as a pro soccer goal keeper. Damon’s favorite food is pizza, favorite book is *The Keeper*; his favorite country is the USA. His favorite video is *Fifa 10* on the Wii. His favorite class is Spanish. Favorite sport and hobby is soccer, and last, Damon’s favorite animal is cats.

I LOVE SUGAR by Claudia

Here is a poem i made about sugar:

SUGAR is great
sugar is chocolate
and so is cake
SUGAR, ohhhhh SUGAR.
Don't eat all the stuff i'm writing or
you will get a tummy ache.
Only eat 175 grams of SUGAR
if you are 2 to 18 years old a week!

Did you like it?

On Tuesday we did a sugar project Charlotte and I did a juice box, it had 12 grams of sugar in it. We had groups, Luci was with coral and Kate, Jackson was with Nolan, Sia with Kyle, Damon with himself you know who i was with. I learned you should only have 25 grams of sugar every day, also i learned That the juice box i did with charlotte had 12 grams of sugar in it! That is not small cause half of 25 is 12.5 (twelve and a half) so that would be about half of 25, buuuuuuuut you could only have 2 of them a day including Breakfast, lunch, dinner, and Dessert.

Once upon a time there was a little snowman. He was only two big balls. He had a carrot nose, he had a little hat, it was red like Santa Clause. He had a friend named Chippy, he was a chipmunk. The snowman's name was Bobby. He sings "Jingle Bells."

Bobby and his chipmunk friend like to play in the snow but when Chippy gets cold he goes into his little chipmunk house which is a hole in the tree next to Bobby. Bobby was like Frosty, he could walk, talk, and everything but he didn't have a magic broom.

The End
By Justin

Students were supposed to finish & hand in food journals on Thursday. They've been documenting all the food & drinks they've have for a full week. **Congratulations to the students that completed the work and handed it in on time: Jackson C., Sia, Ethan, Charlotte, & Marty!**

On Thursday we wrote to the soldiers in Afghanistan for Christmas. We hope that these will brighten their Christmas. I hope that they can have a good Christmas. ❄️🎄🇺🇸
