In math class, the youngest group has been working on comparing numbers using vocabulary: less than, greater than, and equal to. This week we also had a mixed review of counting objects, addition, and skip counting by 2s, 3s, and 5s using manipulatives.

The Buffalo History Museum

On Friday we took a field trip back in time! At the museum, students made paper quilts and discovered the train room, which was a favorite! We saw many exhibits including the history of Buffalo Sports, 150 years of Frederick Law Olmsted in Buffalo, & other urban parks in America, World War I, and more!
