Thesis, Anti-thesis, and New Thesis (synthesis)

The formula for the creation of a new thesis is the combination of a thesis and anti-thesis. It's somewhat of a compromise to form a new thesis.

Now, why is this relevant? Well, if we take North Korea as an anti-thesis and South Korea as the thesis. The only peaceful resolution is the new-thesis. Such a new thesis, I personally believe, would usher in some type of Asian Switzerland, a non-affiliated with any group neutral state.

Kai playing a tune on the guitar

On Wednesday, Miss Natalie's class took a hike at Sinking Ponds! We saw loons, loons are like ducks. We played games like Mr. Fox and Duck Duck Goose.

Buffalo Architecture Tour

Yesterday Mandala School went to Buffalo and saw some amazing architecture. We visited Buffalo City Hall, the Darwin Martin House, St. Paul's Cathedral, Albright Knox Art Gallery, Delaware Park, M & T Bank, the Ellicott Square Building and more.

Student of the Week: Felix

My name is Felix. I live in Allentown in Buffalo. My favorite places in Buffalo are my parents houses. When I grow up I want to be a You-tuber and a game creator. I am silly, smart, and funny. My greatest fantasy would be dinosaurs being alive! My favorite dinosaur is a carnotaurus. If I could travel anywhere I'd go to a different dimension where dinosaurs are alive. I love all video games, that's usually what I do in my spare time. This is my second year at Mandala. My favorite book is *Captain Underpants*. My favorite movie is *Spiderman Homecoming*. If I could have any superpower it would be teleportation.
