Scholarship Application  
for ages 10-12

*After recent graduations, Mandala School needs to replenish the upper ages with kind, creative, enthusiastic children. These people become the leaders of the school by helping to create an atmosphere of friendliness, curiosity, and productivity to whom the younger children look for guidance and inspiration.*

*An anonymous donor has provided funds to support \$1000 towards any new middle school student who meets the criteria above. To apply, return this form with any other materials you consider important. Receiving this scholarship does not exclude a family from applying for a financial scholarship.*

*See page 2.*

*Feel free to use other paper, email, or pdf to send your responses.*

Describe evidence that your child is creative, has special interests, or in other ways displays a strong desire to learn.

What evidence can you provide that your child is a good friend, “plays well with others”, or in other ways displays positive character?

Please describe why you think Mandala School is a good choice for your child.

*Please submit the last two school reports and any other information you would like.*
