

# Mandala School Newsletter

## Volume XII 13 March 2020

### Issue XIX

Summer Camp registration is now open!  
Early bird pricing ends Wednesday, March 18th!  
[mandalaschool.org/services](http://mandalaschool.org/services) to register!

World Game 2020 is on the move! We are making our way out of Egypt and traversing into the Middle East. Mesopotamia is the first stop. Students have begun working on their cartography skills while deciding which cultural aspect they would like to research. Stay tuned for more projects!

#### Mark Your Calendars

March 16th & 23rd: French community classes

March 18th: Final Day of Early-Bird pricing for Summer Camp

March 20th: NO SCHOOL

March 30th: French Soirée & Notre-Dame de Paris presentation  
5 P.M.

April 7th: Virtual Lecture by Dr. Gregor "How Not to Die"  
@ The Roycroft Campus

My current event is about bananas at risk from a disease called Tropical Race 4. This disease spreads quickly and farmers can't do much about it. It's a fungus that lives in the soil of the crops. By Kate

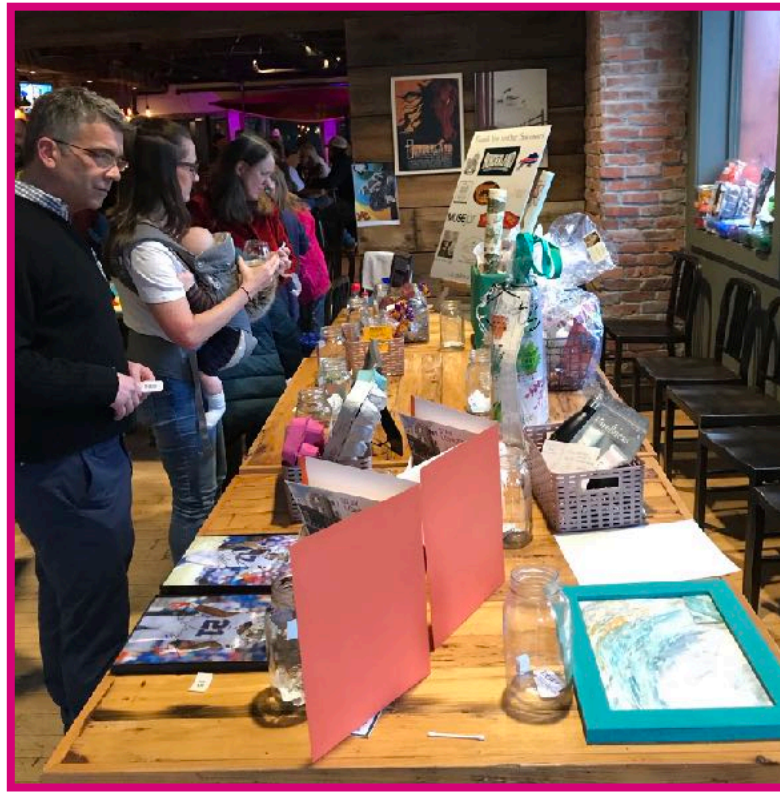

*6 Must-Haves When Flying With a Cat or Dog* was the current event that I did. It explains how to keep your pet relaxed while on a plane. Definitely use a pet carrier, bring a water bottle for the pet, and put food in the carrier. By Aviva

Thank you to everyone that made donations or joined in the fun at our fundraising and awareness event on Wednesday. It was an inspiring evening and truly beautiful to see the community come together for a great cause, the Mandala student!

Thank you to our host, 42 North Brewing.

Lastly, thank you to our very own, Mr. Bill, and his awesome band **The Major 3rds** for their entertainment.
