

Mandala School Newsletter

Volume XIV Issue VI

October 22, 2021

Ethan reading to the youngest group

Monday was green day! The students showed their spirit this week each day with a different theme.

Student of the Week: Aurora!

Aurora is six years old. Her favorite subject is Science, she likes all science!

If she opened a restaurant she would serve Pizza, Brownies, Broccoli, Hamburgers, and Juice.

She mainly watches Doc McStuffins and Dinosaur Train.

Outside of school she likes to be **CRAZY**!

She likes to play board games like Zingo, Chutes and Ladders, and Don't Break the Ice.

She lives with her Mom, Dad, little sister, cat, and dog. She **LOVES** bunnies! Her favorite restaurant is Pasquales!

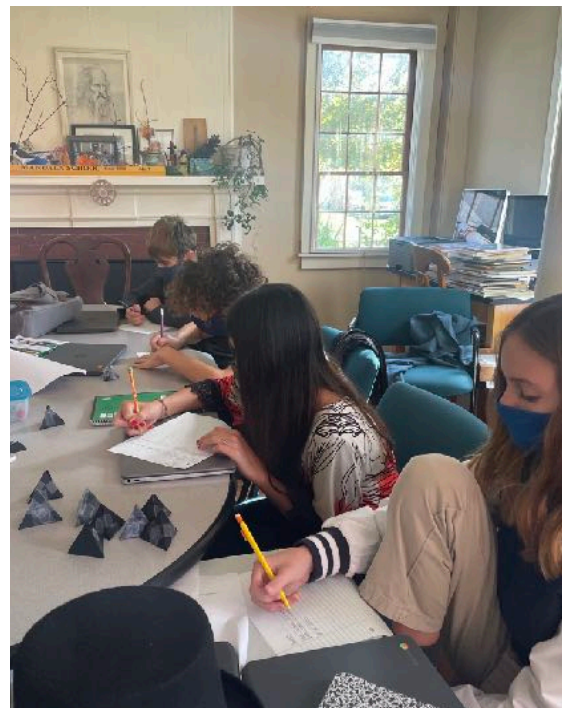

AURORA IS SUPER KIND AND IS AN AMAZING MANDALIAN!

Interview by Zachary

Next Friday,
October 29th we
will have a
Halloween Party at
school. Costumes,
treats, and games

*The middle school writing class
working on parts of speech and
writing current events this week.*

Below: Zachary sports his best Dr. John look!
What a fun spirit week!

In art class this week we were finishing up our self portraits. We would draw a self portrait and then paint it in another artist's style. The project we will be working on next will be where we have to make a 3D bug or insect out of cardboard. We will be cutting out our bug pieces out of cardboard and then gluing them together to make the full bug. A lot of people in my art class are choosing to do the pray mantis.
By Ria

This week in Spanish, we learned about the days of the week, we also learned 1-30 in Spanish. For the days of the week we listened to a song about the days of the week. It had pigs representing the days of the week. For 1-30 Miss Liza would say a number in Spanish or English and we would say it the opposite. For example if she said 15, we would say quince. That's what we were learning this week in Spanish. By: Kate
