BREAKING NEWS: THE MUSIC ROOM DOOR KNOB BROKE!

“Jasper fixed it”

A tragedy struck this Wednesday, early afternoon. The kids came running, frantic, with the news: the doorknob, it was **BROKEN!!!** The 200 year old house has some creaky old features, but after this particular door was knocked off it's hinges earlier this year it was already a vulnerable piece of history. Although the rumors of President Jasper fixing it flooded the community quickly, it was confirmed: a rumor. The knob still remains broken! We will have to see who the real hero will be.

The eggs hatched this week! We had four little fuzzy chicks stay with us this week. Thank you to Hazel and her mom, Adrienne, for giving us this amazing opportunity!
