Student of the Week

This is Taylor's first year at Mandala, the class he likes the best is art. A couple of his hobbies are watching anime and making kandi (Kandi is bracelet making) . Taylor is twelve turning thirteen in February, the season he enjoys most is fall. A couple of his friends are Sophie, Vienna, Stella, Makayla, El, and Pyper. His dog's name is Galaxie. She is a white golden doodle. She is two years old and a service dog that Taylor trained and she is a certified silly goose. Taylor is going to visit his dad in Florida around Halloween, he is also going to France for his birthday, and the Netherlands to visit his friend for a few days.

In art we did drawings of what we like. I drew my dog and my mom. We made a robot to clean the whole school. Mine looked like it had a lot of arms so it could clean everything at once. – Bella

FIELD TRIP TO PENN DIXIE

At Penn Dixie, we had a lot of fun and good luck, Owen found a lot of fossils in the first 2 areas, Holden's bag was completely full! Vienna found a full trilobite (Sort of like a rolly polly)! Towards the end of the field trip, we started to (Try to) trade fossils and we were really happy! -Bryce
